CARNATIONS

(Prices quoted are for plants from pots, either 2-inch or 2¼-inch.)

- O. P. Bassett**—A magnificent new red which has scored first against all competitors since introduction. Flowers average 3½ inches, with firm calyx and long stiff stems; coming on in October and fully in crop for Christmas. The color is that good, true, reliable red that needs no modifying adjectives, and catches on at first sight. \$8.00 per 100.
- Beacon**—Very productive; grand constitution, and a free continuous bloomer. A brilliant scarlet at its best in dark weather, and a very desirable shade. In stem, size of bloom, habit of growth and freedom of bloom we find it without a peer. \$3.00 per 100; \$25.00 per 1000.
- Enchantress**—Exquisite daybreak pink. The largest flowered Carnation on the market. \$3.00 per 100; \$25.00 per 1000.
- Harlowarden**—An unusually free bloomer and especially strong grower, stems long and stiff enough to hold up the flowers with ease. Flowers are also very large; in fact, the largest of their color—bright crimson. Most satisfactory habit. \$3.00 per 100.
- Melody**—Closely allied to Mrs. Lawson in habit, but with a stronger constitution; its color nearly the same exquisite pink as Daybreak. \$3.00 per 100.
- Mrs. Lawson**—A graceful, charming pink whose popularity never wanes. Every grower must have it. \$2.50 per 100; \$20.00 per 1000.

- Sarah Hill**—An excellent new white of ideal habit of growth and grand constitution. Flower fine clear white of good substance and each held up by strong long stems. We still need a good white, something that can be depended upon, and this seems to have all of the characteristics of a "stayer." \$6.00 per 100.
- Victory**—A splendid scarlet that will produce a large percent of number one grade blooms. Has had a very satisfactory year and will be planted largely again. Very free, continuous bloomer, with good stem and gives an unusual amount of fine cuttings. \$2.50 per 100.
- White Enchantress**—While this sport has appeared in a great many different localities, we are convinced that our supply will afford satisfaction, as it is one of the purest white flowers, and has every other good characteristic of Enchantress. \$4.00 per 100.
- White Lawson**—An ideal white, a sport from the well known "Lawson"; equally as good in every respect. Every grower succeeding with the pink form will be sure to grow this in quantity, as the white color will be even more profitable for most florists. \$3.00 per 100; \$25.00 per 1000.
- White Perfection**—Has given general satisfaction for two seasons; a good sized white, very free, strong and continuous bloomer. Will be grown extensively again. Has the good old fashioned clove fragrance. \$3.00 per 100; \$25.00 per 1000.
- Winona**—A clear shade of pink; something we need badly in Carnations. There is no doubt but that this is worthy a place in every Carnation list, as everyone who has seen it declares it is simply superb in style and coloring. \$6.00 per 100.
- Windor**—A particularly charming sort of large size and every good quality. Color, a distinct shade of bright silvery pink. \$4.00 per 100; \$30.00 per 1000.
